Housing Grant for Special Needs

MATTAPOISETT SELECTMEN'S MEETING
OCTOBER 23, 1990-by Virginia Morgan

Selectmen were informed last Tuesday that the Mattapoisett Housing Authority has been awarded a $25,000 grant for the purpose of identifying a site for a development of shared apartments for eight persons with special needs. Selectmen Chairman John N. DeCosta pointed out that this award is not connected with a recent request of the Housing Authority for funds to expand a third floor at Village Court.

The award from the state Executive Office of Communities and Development (EOCD) was announced to Housing Director June Mendell on Tuesday (October 23), and she informed Selectmen that day. "As of October 23", said Ms. Mendell, "the Housing Authority Board has not been officially informed of the grant; this will be done on October 30 at their regular monthly meeting."

Ms. Mendell explained, when contacted after the meeting, that this award is a follow-up of the $7,500 grant received in 1988

to look for sites for Chapter 705 family housing; congregate housing; and Chapter 689 special needs. The family housing and congregate housing deadline dates were not met, but the special needs request remained in force. This new grant of $25,000 is the result of the 1988 request. Ms. Mendell said, "This grant is a compliment to Mattapoisett Housing Authority that EOCD believes in the Authority's ability to develop another project."

The director continued, "The special needs housing does not have to go to town meeting for approval, as does the elderly housing units. Elderly housing units do not pay taxes, whereas the special needs housing makes payments to the town in lieu of taxes. The award is two years in coming, and I am surprised but happy about the grant."

The award, granted under Chapter 689 Housing for people with special needs will support the Mattapoisett Authority in helping the Commonwealth achieve its goal of providing public housing for 660 people with mental illness as part of the Governor's Special Message commitment. These funds are for the purpose of identifying a site to be planned in conjunction with the area office of the Department of Mental Health. Once an appropriate site is identified the grant will be amended to provide site-acquisition funds.

Mr. DeCosta explained that when the original grant was applied for in 1988 it created quite a stir in town. After several informational meetings on various proposed sites, some residents complained about the sites chosen. The site has to be close to services.

IN THE HEART OF THE HISTORIC DISTRICT

In other business, Selectmen:

PLACED ON HOLD until the November 13th meeting the request of Mattapoisett representatives to the Old Colony Vocational Technical District School Committee to release some of its 140 seats at the school so that the Town of Lakeville can buy into the district and have a guarantee of 60 seats for its pupils.

The issue was discussed at the October 16 selectmen's meeting with school committee members Blanche B. Perry, Vincent Worden and Robert Field. At that time Selectman Daniel O. Mahoney was not present and Mr. Worden requested a decision be postponed until Mr. Mahoney returned to vote.

Mr. Worden favored releasing 60 seats, to keep 80, as he claimed Mattapoisett never used more than 74 seats since the school was opened in 1975. Mr. Field agreed with Mr. Worden. However, Mrs. Perry preferred to release only 50 seats and keep 90. Chairman DeCosta opted for the 90 seats, but Selectman Bernard F. Talty wanted to keep 100 seats.

At last Tuesday's meeting, Mr. Talty changed his mind, saying he wished to keep 120 seats and give up only 20 seats,

and Mr. DeCosta also changed his mind, wishing to keep 100 seats.

Selectman Mahoney did not make a decision, saying he needed to look at figures and obtain more information on costs of tuition versus joining the district and Mattapoisett's quota to the school.

Mr. Worden pointed out that not only Lakeville wants to join the district with 60 seats but Carver and Rochester, both present members of the district, want additional seats. Also, at the present time, member town Acushnet is being asked to release some of its 250 seats.

RECEIVED A REPORT from Mr. Mahoney on the progress of the town's legal action with other towns holding agreements with SEMASS in a dispute over additional charges claimed by SEMASS. The other towns are Fairhaven, Freetown, Middleboro, and Wellfleet.

In reviewing the program, Mr. Mahoney explained a bill from SEMASS itemized $3,641.76 as the "base acceptance fee" and $2,716.15 as "acid gas control cost". Mattapoisett paid the base fee but refused to pay the added "acid control cost". Mattapoisett has agreed to set aside in an escrow account the disputed acid gas control costs.

Attorney Thomas P. Crotty is representing the joint towns in a legal suit, as yet unfiled, claiming SEMASS employed unfair and deceptive trade practices, including the fail-

ure to reveal and the concealment of material facts, and SEMASS' attempt to impose this additional acid gas control cost on the town is a further unfair and deceptive trade practice, all to the detriment of the town.

The original agreement set $12. per ton tipping fee for Mattapoisett to send trash to the Rochester waste-to-energy plant in 1984. The additional fee of $9. per ton for emission control scrubbers claimed by SEMASS resulted from its failure to inform Mattapoisett of those requirements of DEQE which could result in a claim for increased fees, constituting a misrepresentation or nondisclosure of material fact. Mattapoisett claims this is not a change of law as SEMASS claims.

WERE INFORMED by the state Department of Environmental Protection (DEP) that Robert E. Ringuette has applied for a Waterways License for his marina at Leisure Shores under the new Chapter 91 Waterways act.

Mr. Ringuette was notified by DEP that he would have to advertise at his own expense his application and activities he intends to perform at that location in Leisure Shores Marina. There will be a 30-day period for public comment; then 45 days from the time the Mattapoisett officials are notified before DEP can take any action.

DESIGNER KITCHENS BY Angela

The public is welcome to attend.

RECEIVED A LETTER from Russell J. Gula of New Bedford who owns a home at 36 Cove Street in the waterfront district of Mattapoisett, in which he says he will be unable to attend the rescheduled Planning Board meeting on October 30 to discuss new zoning for seasonal property.

He writes, "I object to the proposal to put restrictions on certain areas of properties, and in my opinion is illegal, especially without proper compensation for property value loss. I agree with keeping our ocean waters clean and septic systems should be kept in good working order. Instead of penalizing a targeted group, why not have the property's systems tested to determine such condition and have the property owner correct the condition. An even better answer would be to have the town put in city septic systems; after all these property owners also do pay taxes to the town."

MET BRIEFLY with Pamela Houston of 70 Mattapoisett Neck Road concerning her complaint that the Neck Road section that was repaved has not had the center line painted. This is causing many drivers to pass on a dangerous curve with no painted center line, she said.

Mrs. Houston noted she was representing other residents of the road and that she had spoken to Highway Surveyor Wesley N. Bowman. She said Mr. Bowman promised several times to do the work.

Executive Secretary Carol J. Adams explained to Mrs. Houston that the piece of equipment used to paint the line in the road is hired and the highway surveyor will wait until there is more than one road to do at one rental time for economic reasons.

Selectmen went into executive session to discuss strategy with respect to litigation that may have a detrimental effect on the litigating position of the governmental body. The issue concerns zoning and dangerous substandard land use, said Selectman Mahoney.

INTO FAMILY EYE CARE

When shopping for glasses what should I be aware of?

It's most important that you know that the new dual or business you will be dealing with is qualified. When you go to a doctor's office you will see displayed on the walls licenses and certificates indicating the doctor's training and schooling. These show a doctor's patients his/her qualifications and also serve to build faith and confidence in his/her abilities to provide proper care. The same holds true for opticians. Find out what that person's qualifications are before doing business.

eye talk

Q. What should I get for my money when I have my eyes examined?

A. You should get tests to determine how well you see at far and near distances; whether or not vision problems like nearsightedness, farsightedness or astigmatism are hampering your ability to see; how well your eyes work together as a team; and how well you can change focus from near to far and vice versa.

You should also get eye health tests, including one for glaucoma, if you are over 35 or have a family history of this disease. The optometrist also can detect signs in the eyes of general health problems like high blood pressure and diabetes.

There may be other tests, depending upon the results of the basic examination.

Expect all this to take from 30 to 60 minutes and be prepared to discuss your general health history.

to wet harvest instead of dry pick. The children were in awe at seeing "the sea of red gold". Besides learning more about the process of wet picking, the children were given a thorough explanation of how the western picker, the bouncer, and the hopper were used in dry picking.

They then hiked to the pumping station by the Mattapoisett River. Mrs. Tinkham demonstrated how she uses the hand scoop to pick the ditches and then she treated the children to cranberry cookies and juice.

This field trip was considered by all to be a very enjoyable learning experience.

The Co-op was formed by a joint resolution of the Selectmen of Marion, Mattapoisett and Rochester. Their efforts are being funded by the Fairhaven Savings Bank, the Plymouth Savings Bank, the Sandwich Co-operative Bank and the Shawmut Bank.

Once the survey is complete, the Co-op and the banks plan to develop programs to address the specific needs in the area. Of special concern are the children of residents who want to have families of their own and still live in the area.

In addition to polling places, survey forms will be available at all town halls, as well as all bank offices in the three towns. All responses are confidential and may be returned by mailing to the M/M/R Housing Co-op, Inc., P.O. Box 779, Marion, MA. 02738, or by bringing them to the town halls or any bank in the three towns.

Remembering a Friend

A face full of grace, a face full of beauty,
Fay Knight Silveira thought it her duty
to shower the world with an abundance of love. She accepted this mission from our Lord above.
Think of her laughter, picture her smile.
The warm blue in her eyes and her down-to-earth style.
Fay has gone home to a place that is kind.
She's left a lot of friends and family behind.
Reunited with siblings and parents she waits, for our days of admission through God's pearly gates.
Where she'll be there to greet us and give her love, as she continues her mission, though now up above.

This poem was written and submitted by one of the very many people whose life has been highlighted by Fay. It speaks for us all. We love you, Fay.

USE OF THE LIVING WILL

David Clarke, Director of Massachusetts Health Decisions, will be the featured speaker at a health forum on Sunday, November 4th, co-sponsored by Tobey Hospital, Wareham Area Hospice and the Wareham Area Clergy Association.

Dr. Clarke will discuss and compare the use of the living will and durable power of attorney to communicate one's wishes concerning medical care if one becomes mentally incompetent. His program is entitled "Health Decisions After Cruzan".

The recent Supreme Court decision concerning Nancy Cruzan has increased public awareness of the need for advance directives for health care decisions. In that case, because Ms. Cruzan did not expressly communicate her wishes, her parents do not

Constitution Week, Center School

WINNERS-POSTERS AND ESSAYS

Constitution Week was celebrated during the week of September 17-23 at Center School. The Constitution of the United States, the guardian of our liberties, this year celebrated the two hundred third anniversary of its drafting. All second and third grade teachers spent time during this week to discuss the Constitution, and in particular, the freedoms it guarantees to each and every one of us.

Under the auspices of the New Bedford Chapter Daughters of the American Revolution, second and third grade students had

an opportunity to share what they knew about the Constitution by participating in a contest on "The Freedoms Provided by the Constitution". Second grade students were asked to make a poster illustrating these freedoms in their daily lives. Third grade students were asked to write an essay on what the freedoms guaranteed by the Constitution mean to them.

On Friday, October 12th, D.A.R. Constitution Week Chairman Mrs. Clara Morgan presented certificates and awards to the winners at each grade level. Prizes awarded to each winner were purchased from the National D.A.R. Museum in Washington, D.C. and the Museum at Minuteman Park in Concord.

The winners of the second grade poster contest were: Rick Hoffman, first; Brittany LeStage, second; Alette Ellms, third; Victoria Winn, fourth; Jennifer Leahy, honorable mention.

The winners of the third grade essay contest were: Meg Muldoon, first; Margaret Liljedahl, second; Rebecca Lipstock, third; Sarah Hunt, honorable mention.

Congratulations to all the winners. All of the winning posters and essays are proudly on display in the front lobby of Center School. All residents are invited to come and view the fine work done by these students.

Old Rochester Regional School District has been notified of a $5,000 technical assistance grant award for the period of 10/1/90 to 8/31/91. This competitive funding was awarded to assist in developing building based support teams in each elementary school in the district. These teams would work in a collaborative effort between regular and special education programs to develop strategies for students not meeting with success and to assist teachers with accommodation of individual needs. This process will help to identify and intervene with at-risk students in regular education, prior to becoming a special needs referral. Activities include site visits to other systems utilizing a building based support team model, and in-service with consultants in teacher support teams.

An additional focus of this grant is in program development for students with intensive special needs that promote integration into the mainstream. Grant participants will be instructed in a planning technique called M.A.P.S. (Map Action Planning System) which is used to facilitate participation of severely or multiply handicapped students into regular age-appropriate classrooms.

Mrs. Young will be coordinating this grant with building principals and staff from Marion, Mattapoisett and Rochester.

the passage of Question #3 will devastate public higher education across the state.

The CLT approach is like taking a sledgehammer to the state higher education budget when only a chisel is needed. The meager savings do not justify the indiscriminate dismantling of our educational structure.

Massachusetts has been hard hit with a steadily declining economy. To take away access to quality public higher education guarantees no future to thousands of families and friends here in the state.

The passage of CLT might make the Great Depression of the 1930s look like a mere economic downturn. The only miracle we need to see in Massachusetts is the defeat of Question #3.

LETTER TO THE EDITOR

What does the future promise senior citizens if Ballot Question 3 passes in November?

A senior having an income of $15,000 will save about $54. in rolled-back taxes. The roll-back in fees will affect state fees only; local fees, such as those for water and sewer, moorings, etc. will not be changed. Cutbacks in state-funded services may have far more than $54. worth of impact on seniors' lives.

If Ballot Question 3 passes, $1. billion will have to be cut from the current state budget in addition to cuts already made. Twice that much will be required in the following two years. How much of this will

come from reductions in services to seniors? Nobody knows.

Cuts have already been made this year in Home Care Services, which provides meals, health care, and homemaker assistance to frail seniors in their own homes. Cuts have been made in supplementary Fuel Assistance programs, just as the cost of heating oil begins to rise, and the temperatures begin to drop. Transportation services for the elderly and state grants to local Councils on Aging have also been cut. Will there be more such cuts? Nobody knows.

Medicaid, frequently described as a "budget buster", accounts for $2.4 billion out of a total state budget of $13.4 billion. More than 80% of all Medicaid costs are for health care to seniors, the blind, and the disabled. How much can Medicaid be cut before people begin to die? Nobody knows.

What we do know is this: because Question 3, if it passes, will take effect on January 1, 1991, BEFORE newly-elected people take office, the planning for necessary reductions and cuts must also be done before our new legislators and the new governor take office. In other words, the very people we are all so angry with will be the ones to choose where cuts will fall!

ers, branched off 4 years ago to form his own acting company, The Globe Theater Troupe, Inc.

He now returns to the Gateway stage with this, the second "on-the-road" production for the Troupe, the first being Look Back in Anger presented last fall at the Marion Art Center under the banner of the Globe's "Young Directors' Series", directed by Eric Spencer of New Bedford.

Gonzalez has brought together a cast which includes many of the Globe Troupe: Douglas Bower, Deborah and David Norris and Richard Delongchamps, as well as Gateway players Michael Ventura, Claudia Gray and Ray Monize.

Buried Child is one of the most highly acclaimed works of Sam Shepard, who many consider one of America's brightest and most imaginative, living playwrights. Known also for his realistic and moving movie roles, Shepard creates intriguing, off-beat, often macabre stories which focus on characters with a distinct American style. Buried Child holds true to this genre. Audiences who enjoyed Gonzalez's productions of American Buffalo, Betrayal and The Dumbwaiter should find Buried Child an exciting theater experience.

Production dates are Fridays and Saturdays, November 9, 10, 16, 17 and 24, 25 at 8 p.m., and a special Sunday performance November 11 at 7 p.m. at the Gateway Play-

From Old Colony

CHIEF WINDSONG SPEAKS TO CLASSES

Chief Windsong, leader of the Assonet band of Wampanoag Indians, spoke to senior classes at Old Colony Regional Vocational-Technical High School on October 24th.

Windsong (also known as Alden Blake), discussed tribal law and customs. A recognized authority on local Native Americans, he shared the traditions of his people while offering the students an inter-cultural understanding of law.

Social studies teacher Raymond Cabral, who has coordinated the program, indicates that the students who will be attending the lecture study law, in one semester of their senior year.

VICA

Old Colony Regional Vocational-Technical High School recently completed its election of officers for its local VICA chapter. VICA, Vocational Industrial Clubs of America, provides opportunities for vocational-technical students throughout the United States to compare their skills in all trade areas.

Elected to serve as officers for the 1990-1991 school year are: Michelle Hotte, president; Susan Kallio, vice president; Beverly Connor, treasurer; Kristen Lee, parliamentarian; Dawn Couto, reporter; Jonathan Hardy, designated officer.
